GIORGIO BAGNARA, FOUNDER AND CEO OF GIOBAGNARA

Born into a family renowned for cultivating the Art of Fine Living for three generations, Giorgio Bagnara became passionate about his calling at a very early age. At the end of the 1990s, after noticing that leather utilized in the fashion industry was not considered a suitable material for home accessories, he founded GIOBAGNARA with the goal of applying leather to a homewares collection.
Together with his wife, Vanessa, he decided to move his design studio and workshops to the old docks in the Port of Genoa where, surrounded by the essence and beauty of that location, the company took a significant step forward.

GIOBAGNARA

Renowned for its elegant creations that convey luxury without ostentation, GIOBAGNARA adheres to the highest standards of craftsmanship. By pursuing a philosophy that incorporates traditional know-how with leading-edge technologies, and offering a limitless color palette of quality leathers and suede, founder Giorgio Bagnara has been able to experiment and push the technical boundaries of his craft in order to create pieces that are both beautiful and functional.
Launched in 1999, the GIOBAGNARA brand has quickly earned a reputation for expert leather workmanship, and its founder has become a key partner for a large number of interior designers as well as a select group of yacht and private jet designers who rely on his specialized knowledge to realize made-to-measure commissions.

In 2015, Giorgio Bagnara expanded his leather goods portfolio with the acquisition of saddle leather specialist RABITTI1969.
In 2017, Bagnara initiated a collaboration with French designer Stéphane Parmentier, who was appointed creative director of GIOBAGNARA and its affiliate brands.
In 2018, the company's portfolio grew with the strategic acquisition of PIGMENT FRANCE, a respected company with specialized skills in leather covering and the weaving of wicker, rattan and straw.

Today, two decades after its launch, GIOBAGNARA counts more than 80 employees.
The brand now boasts an impressive offer of quality leather homewares and is ready to embark on its next exciting chapter.

THE DYNAMICS OF A DUO

A real laboratory for ideas, Giorgio Bagnara coordinates production in the Manufactura's workshops.
He carries out projects and handles private orders, working at the very core of production and enriching his repertory of forms each day, being involved in all stages of creation.
His wife Vanessa harmonizes the collections, cultivating elegance and contributing her chic feminine vision to the creation of trendy accessories.
Together, with natural complicity and meticulous care, they plan and select what will become the collections of tomorrow. They combine expertise and intuition to be fully attentive to their clients' needs.

PHORMA COLLECTION

Phorma is a series of wooden trays with a leather
lining in geometric shapes that fit inside each other.
Like a game, you can get as many configurations
as you wish, always creating different designs.
The three-dimensions optical effect is implemented
by the edge's contrasting wooden finishes, which can
be in natural walnut or wenge stained walnut.
Please note that, on the same shape, small valet trays
fit into small trays and large valet trays into large
trays.

SAN MARCO COLLECTION

With patterns that directly take inspiration from characterizing details found in suggestive corners of Venice, these printed leather trays are a celebration of the iconic city on water. Featuring different sizes and shapes, the San Marco collection combines historic legacy with modernity, and is the expression of the artistic and cultural vivacity that marked, and still does, this city's history.

SUPERTUSCAN
WINE BOTTLE HOLDER

Leather-covered wood structure.
Ideal for both standard and magnum sized wine bottles.
Other than being a great display for one's wine, this article works perfectly as a decanter: as it more than doubles the surface in contact with air of the wine inside the bottle, it favors its oxygenation, allowing it to breathe and to trigger the release of more aromatic compounds.

Custom sizes available on request.

ASPEN
SEATING CHART

The plan de table was first developed for use at royal courts as a way to ensure that guests were arranged properly in terms of their ranking and protocol. They are still used today wherever there is a need to put the right people together.
Each guest's name is handwritten on a card that is then inserted in its proper place on the chart, allowing to determine the perfect seating arrangement while saving multiple trips around the table.

TALLIA
COLLECTION

GIOBAGNARA features a new collection where leather meets wool and cashmere.
In collaboration with the historical yarn and fabrics Italian producer Fratelli Tallia Di Delfino, this collection is born from the union between noble and natural materials, aiming to give birth to pieces able to create warm sophisticated spaces that enhance the traditional Italian lifestyle.

LANIFICIO

FRATELLI TALLIA DI DELFINO

Made in Italy

The Fratelli Tallia Di Delfino brand pays extreme attention in the chioice of raw materials' supply channels in order to obtain yarn and, subsequently, fabrics of the finest quality.

Sustainable Cashmere is Fratelli Tallia Di Delfino's answer to the growing request of a luxury that is both sustainable and respectful of the environmental prerogatives: the company's production chose to introduce on the market a fine cashmere that derives from a selection of the best castoffs from the work made on looms.

This material is the union between the fibers' refinement, the peculiarity of the yarn's color highlights and practicality due to its water-repellent properties: it is then ideal for precious furnishings subject to a daily use, given its resistance and durability.

WOOL & CASHMERE
DOUBLE FACE
GOOSE DOWN PLAID

GIOBAGNARA combined its nappa leathers' selection with Fratelli Tallia di Delfino's finest quality wool (90%) and cashmere (10%) and a highly innovative, sustainable, extra-light goose down.

Made with the world's warmest padding (it delivers warmth up to 170% beyond traditional down and up to 450% beyond polyfill), it delivers all the natural benefits of down in the thinnest profile possible and eliminates seepage.

To customize the edges, choose among all the nappa colors from our chart.

RAVELLO
BATHROOM SET

Ravello is a minimal bathroom collection ideal for any setting.
The rigid cylindrical main volumes are rendered softer by the smooth decorative rounded edges, while the finest Italian leather, with its velvety texture, is combined with one among three finishes of choice (polished chrome, brushed bronze and brushed brass) for a naturally elegant resulting design.

ALCHIMIA
CONSOLE

Featuring pure, geometric lines, Altare boasts a studied interplay of solids and voids, all while combining a massive-looking travertine top with a slim oil-finished walnut wood structure. Such characteristics concur to create a strong, iconic aesthetics, enhanced by the striking contrasts of volumes and materials.

Design by Simone Fanciullacci.

CARE & MAINTENANCE TIPS

Leather's charm is due to its shifts in nuances, varying textures, in-built freshness and natural subtle changes which make every piece unique.
When handling such a versatile material, its appearance will be shaped by the choices in taking care of it.
GIOBAGNARA has been constantly looking, for more than twenty years, for solutions to create technical finishes able to grant leather with stunning properties, such as unrivalled resistance and durability.
However, it is essential to keep in mind a few tips in order to preserve your goods' appeal for years to come.

DO

Do regularly clean leather with a soft brush or cloth;
Do blot away water or moisture as soon as possible;
Do dry wet leather naturally, away from artificial heat;
Do clean spots and stains with a mixture of soap flakes and warm water.

DO NOT

Do not machine wash leather;
Do not immerse leather in water to clean;
Do not get leather wet wherever possible;
Do not dry wet leather next to a radiator or with a hair dryer;
Do not leave leather in excessively wet, dry, cold or hot places for a long period of time.

CALFSKIN

To polish leather, we recommend to clean it gently with a soft cloth dampened with warm water or a small brush and, if necessary, with mild soap.
Lighter tones are more susceptible to noticeable spots and tears, so cleaning is essential to maintain a pristine finish.
It is important to avoid using abrasive cleaning methods and alcohol-based detergents, especially for leathers with a smooth finish.

SUEDE

When handling suede, dry cleaning methods are advisable: this finish requires the use of a brush or a special rubber for suede cleaning.
Wet conditions should be avoided and water should not be used during the cleaning process; accidental spills can be blotted away with a clean, dry cloth.
Be sure not vigorously rub the surface.

PONY & SHEARLING

It is recommended to clean gently with a small brush or a soft cloth dampened with warm water (in this case, it is important to remember to let it dry naturally).

EXOTIC LEATHER

When cleaning exotic leathers such as real shagreen and crocodile, always be sure to work with the grain.
While standard cleaning methods such as soap and water and specialised leather cleaning solutions can be applied, it's important to thoroughly remove any product build up from grooves and crevices after cleaning. This can be achieved by gently buffing your products with a soft brush.
